Are your final products (flower, extracts, edibles) tested for cannabinoid potency? _____

Any additional informaiton you would like to share in regards to your 3rd party testing results?

MAGIC MANN
PREMIUM CANNABIS PRODUCTS

Internal Use Only

Vendor Agreement

Magic Mann assesses aspects such as:

terpene profiles, bud structure, trichome integrity, pesticide testing, pathogen testing, cannabinoid profile, cannabinoid potency.

These are assessed and confirmed on all products and materials prior to Magic Mann accepting them. Magic Mann values the quality and safety of all cannabis products sold within its retail establishment. We retain the right to reject or return any product during intake that fails to meet the compliance regulations outlined by the Vermont Cannabis Control Board and Magic Mann's internal quality standards.

All items that are packaged for the end-consumer must be registered by the producer, with the Vermont Cannabis Control Board, through the Product Registration Portal prior to transferring them to Magic Mann. If any end-consumer products produced and packaged by companies other than Magic Mann, and are sold by Magic Mann at the dispensary location of 21 Essex Way, Suite 216, Essex Junction Vermont 05452, are returned to us by any customer for a quality control reason the following will occur;

First return - Magic Mann will take the item back and replace it with something of equal value, making note of product name, batch number and reason for return

Second return of the same product - Magic Mann will pull 3 random samples of the same product from said producer to perform a secondary quality inspection.

Upon inspection of said 3 samples,

If standards and quality are no longer within acceptable range, Magic Mann will have the products exchanged or returned for equal value

If standards and quality are within acceptable range amongst the 5 samples, the product will stay on the shelf.

If within 2 weeks of second return, the same item is purchased and then returned for the same quality control issue again, the products will be pulled from the shelf and sent back to the vendor in exchange for the same value of products or a complete refund in full.
